

Sl. No.	Name of the Researcher	Topic/Title	Name of the Guide	Year
1	Shanbhag D. N	Study of various queuing systems	B. R. Bhat	1967
2	Chikkagoudar M. S	Some aspects of sampling with varying probabilities	M V. Jambunathan	1969
3	Naik UD	Some applied Bayesian inference problems	M. V. Jambunathan	1969
4	Nagnur B. N	Large sample tests of linear and non linear hypotheses	B. R. Bhat	1971
5	Muddapur M. V	Some topics in stochastic processes	B. R. Bhat	1978
6	Palaniappan K.	Estimation of reliability in some stochastic models	M. S. Chikkagoudar	1982
7	Kunchur S. H	Testing for outliers and inference in the presence of outliers	M. S. Chikkagoudar	1983
8	Vaman H. J	Some sequential decision procedures	B. R. Bhat	1984
9	Kadi A. S	A study of interstate migration in India application of migration models	M. Shivamurthy	1984
10	Shrestha H B	Statistical inference in stochastic processes	B. R. Bhat	1985
11	Indiradevi	Some topics on inference for stochastic processes	B. R. Bhat	1986
12	Halakatti C. P. P	Inference in stochastic processes	M V. Muddapur	1988
13	Adwani M. R	Statistical inference for the stochastic process models in Biology and Agriculture	B. R. Bhat	1989
14	Rao K Aruna	Some results on generalized chi square type statistics	B. N. Nagnur	1990
15	Banarjee S	Stochastic models and optimization a Markovian decision process approach	B. R. Bhat	1991
16	Deshpande S. K	Statistical inference for markov chains	B. R. Bhat	1992
17	Wadakannavar A. R	Aging of population in India an investigation of emerging issues using evidence from rural North Karnatak	M. Shivamurthy	1992
18	Munoli S. B	Estimation in reliability theory	S. H. Kunchur	1994
19	Madagi S. B	A study of internal migration in India through statistical models	A. S. Kadi	1995

20	Bhat S. V	Studies in nonparametric inference	I. D. Shetty	1996
21	Bhat B. V	Theory of U Statistics and its applications	M. S. Chikkagoudar	1996
22	Pandit P. V	Nonparametric tests of symmetry and related problems	I. D. Shetty	1997
23	Aital V. B	A Study of Higher Order Asymptotic Properties of the Estimators.	B. N. Nagnur	1998
24	Hegde S. N	On certain storage models and their statistical inference	M. V. Muddapur	1999
25	Chakalabbi B. F	Testing of partial orderings in reliability	H. Kunchur	2002
26	Biradar B. S	Nonparametric tests for two and several sample problems based on censored and complete data	M. S. Chikkagoudar	2002
27	Gudi S. V	On some asymptotic results in estimation	B. N. Nagnur	2003
28	Megeri S. N	Some aspects of estimation of parameters of survival distribution log logistic estimation based on multiply censored samples	M.S. Chikkagoudar	2003
29	Megeri M. N	The process of urbanization a statistical analysis an exploratory study specific to Indian context	A. S. Kadi	2004
30	Gani S. R	A study of stochastic epidemic models with preventive measure	A. S. Kadi	2006
31	Umarani M. B	Contribution to statistical inference	I. D. Shetty	2006
32	Joshi V. B	Contribution to nonparametric inference	I. D. Shetty	2006
33	Bhadri Gururaj N	Studies in survival analysis	I. D. Shetty	2006
34	Suranagi M. D	Estimation of multicomponent system reliability	S. B. Munoli	2007
35	Nadaf F. H	Some contribution to nonparametric inference	I. D. Shetty	2007
36	Arali J. V	A study on optimum policies for stochastic epidemic models	A. S. Kadi	2007
37	Patil A. B.	A study on distribution free test statistics	S, V. Bhat	2008
38	Mathad K.M	Some special contributions to non parametric inference	I. D. Shetty	2009

39	Ashok Kumar	A statistical study of ager community in North Kanara district of Karnataka based on the primary data	A.S. Kadi	2010
40	Halingali Basavaraj	Some aspects of process of urbanization in India developments and problems of urbanization	A. S. Kadi	2011
41	Sk Taslim Ali	A study on stochastic epidemic models with the optimal control policies	A.S.Kadi	2015
42	Sarvade R.M	Some studies of fertility models	A.S.Talawar	2015
43	Byakod S.R	Statistical methods in modeling and analysis of repairable system reliability	S.B.Munoli	2015
44	Avaradi S.R	A New Dynamics of Stochastic Epidemic models	A.S.Kadi	2016
45	Mutkekar R.R	A Study on Statistical Inference in Reliability Models	S.B.Munoli	2016
46	Nelavagi K.P	Impact of Migration on Urbanization in India A Statistical Analysis.	A.S.Kadi	2016
47	Itagimath S.R	A Statistical Study of HIV AIDS Epidemic	A.S.Kadi	2016
48	Aundakar U.R	A Study on Stochastic Epidemic Models using Markov Chain Monte Carlo MCMC Methods	A.S.Talawar	2016
49	Puiar H.S	Demographic and Health Impact of some Infectoius Diseased.	A.S.Talawar	2017
50	Gokhale K.D	Studies in statistical quality control using prior information	S.V.Bhat	2017
51	S. R. Gani	A study on stochastic Modeling of unemployment and related variables	S.B.Munoli	2019
52	Bhargavi Deshpande	Some contributions to Nonparametric regression	S.V.Bhat	2020
53	Shashank Shindhe	Contributions to two-sample scale problem	S.V.Bhat	2020
54	Mallappa	Some contributions to Actuarial Science using Stochastic Optimal Control theory	A.S.Talawar	2021
55	Rajani P. Agadi	Some studies of Stochastic mortality models and their actuarial applications	A.S.Talawar	2021
56	Suhas	A Study on Design and Analyses of Survival Probability Models	Dr. S. B. Munoli	2022
